PREREGISTRATION SECTION

Prior to analyzing the complete data set, a time-stamped preregistration was posted in an independent, institutional registry for the...

(1) study protocol	**Not answered**
(2) data analysis plan	**Not answered**

Comments about your preregistration

No comments.

METHODS SECTION

The manuscript fully describes...

(7) the rationale for the sample size used (e.g., an a priori power analysis)   **Not answered**

Comments about your methods

No comments.

RESULTS AND DISCUSSION SECTION

The manuscript. . .

   (9) presents all statistical analyses that were conducted, including any interim statistical analyses   **Not answered**

 (10) distinguishes sharply between "confirmatory" (i.e., prespecified) and "exploratory" (i.e., not prespecified) analyses   **Not answered**

Comments about your Results and Discussion section

No comments.

DATA, CODE, AND MATERIALS AVAILABILITY

The following have been made publicly available...

(11) the (processed) data, on which the analyses of the manuscript were based   **Not answered**

Comments about your Data, Code, and Material Availability

No comments.
